

Thank you, Sullivan!

Community Health of South Florida, Inc. (CHI) and its fundraising arm **Community Health Foundation** is extremely grateful to **Sullivan** for once again providing generous financial support helping CHI provide high-quality healthcare to thousands of patients in South Florida.

Sullivan's most recent gift in the amount of \$20,000 will benefit the upcoming **2020 Glen Rice Celebrity Golf Tournament** which proceeds directly fund the capital campaign for the **Children's Crisis Center**. For this wonderful donation, CHI is proud to name one of the Quiet Rooms in the new facility in honor of Sullivan.

The **Children's Crisis Center (CCC)** will be the first comprehensive center of its kind in southern Miami-Dade. The 11,400 square foot facility will provide a haven for children suffering from mental illness. This in-patient, 24-hour, 20-bed facility will house a team of board-certified child and adolescent psychiatrists, mental health clinicians, social workers, and counselors. The medical team will provide full service comprehensive mental health care for children up to 17 years of age, regardless of their ability to pay.

“Sullivan is extremely proud to support the **Children’s Crisis Center**, as it will play an important role in improving the lives of children in need of critical behavioral health services. Helping the underserved youth so that they too have the best possible outcomes for growth and prosperity is at the core of our personal and corporate mission and we are dedicated to help in any way we can”, said Joe Sullivan, Founder and President.

Sullivan was founded in 2001 by Joe Sullivan to provide the best, most personalized and caring benefits support possible for mid-sized companies. It is a regional employee benefits consulting firm, specializing in the underwriting and implementation of mid-sized to large group benefit plans for healthcare, vision, and other programs.

“CHI is very proud to have the Sullivan team as partners uniting with us to provide the very best to our patients through their philanthropy and to our staff via their professional services,” said Brodes H. Hartley, Jr., President and CEO of CHI. “It is my hope that more in our corporate community will follow Sullivan’s lead.”
